

Digital Law and Safety

Module 2
Lesson 3

Digital Citizen

What does “Digital Citizenship”
mean?

Write in your own terms

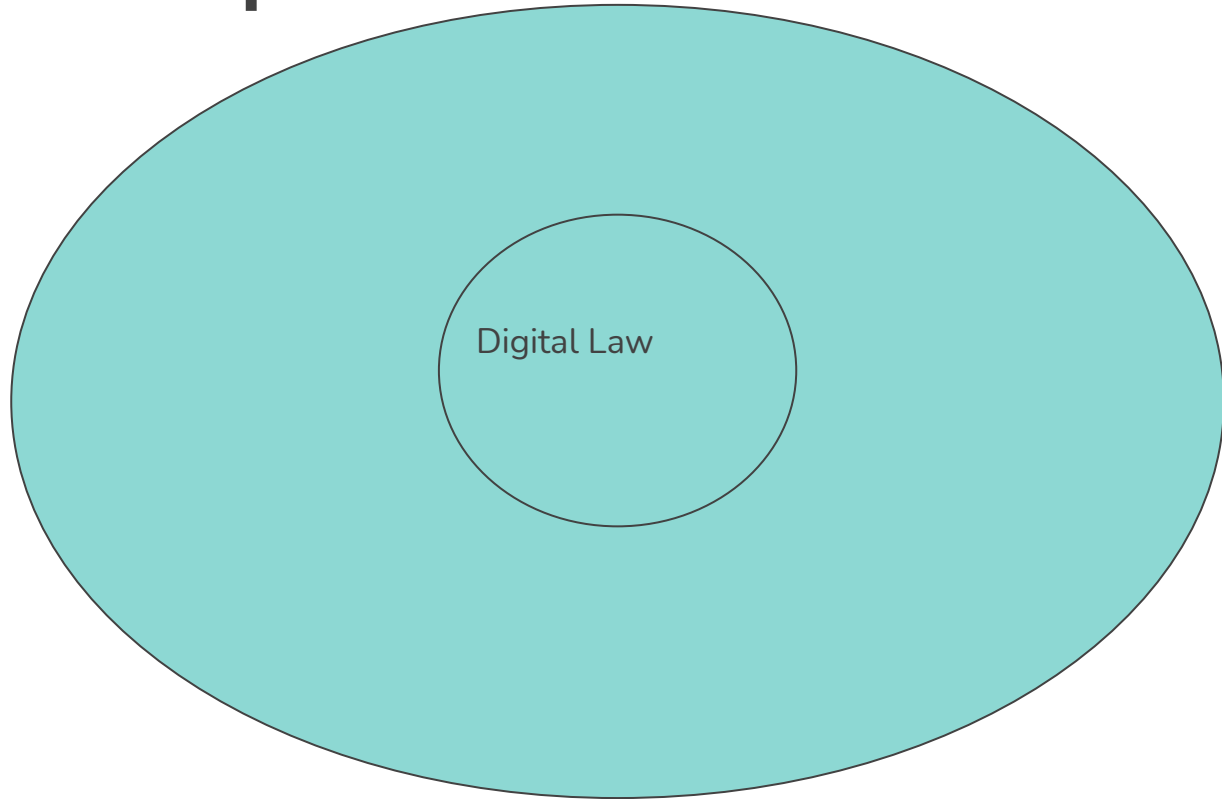

Pre-Assessment

Write down one word when you think of
“Digital Law”

Bubble Map

Digital Law- The legal rights and restrictions governing technology use.

- Are students using technology the way that it was intended or are they infringing on the rights of others?
- Have we taught Copyright procedures in the schools? Do they see parents and friends pirating music or movies?
- <http://www.copyright.org/copyright-resources-for-kids/> FYI
- Examples:
 - Using file sharing sites
 - Pirating software
 - Hacking into systems
 - Stealing someone's identity

Rights and Responsibilities- The privileges and freedoms extended to all digital technology users, and the behavioral expectations

- Students need to be given a clear understanding of the behavior that is required from them.
- Technology is a privilege not a right.
- Examples:
 - Acceptable use policies, terms of use.
 - Using online material ethically, citing sources and requesting permission.
 - Reporting cyberbullies, threats and other inappropriate use.
 - Google – adheres to basic good-citizenship tenets such as “do no harm”

Digital Security- The precautions that all technology users must take to guarantee their personal safety of their network.

- Students need to learn how to protect their data.
 - Virus protection software
 - Firewalls
 - Backups
 - Password- protecting, not sharing, changing, different passwords for different interactions.
 - Https vs http sites

Questions to think about...

1. What do you think are some of your rights as a student or parent in terms of internet safety?
2. Where do we find support for advanced online safety?
3. How do you think the school and teachers can support your child in internet safety?

CMS Internet Safety Policy
